

CALL FOR APPLICATIONS

Luther and Alice Hamlett Undergraduate Research Scholarships in the Academy of Integrated Science

Thanks to a generous gift from Luther and Alice Hamlett, the Academy of Integrated Science has established the Luther and Alice Hamlett Undergraduate Research Scholarship in support of the research activities of majors in **Computational Modeling and Data Analytics**, **Nanoscience** and **Systems Biology**. Students in these majors planning to do undergraduate research with faculty from Virginia Tech can apply for up to \$3,000 in research support. This support can cover expenses for lab consumables or wages paid to the student.

Students interested in this opportunity can apply for research scholarships in Summer, Fall, and Spring. The deadlines are **May 1** for Summer research, **August 15** for research during the Fall semester and **January 15** for research during the Spring semester. It is possible for a student to get more than one scholarship in a given year.

The submitted application package must contain:

1. A completed Application Form signed by both the student and faculty member.
2. A short (less than one page) description of the research project. If the research project will be taken for credit, the Undergraduate Research / Independent Study form http://www.science.vt.edu/content/dam/science_vt_edu/2016/student-forms/ur-rsch-form.pdf can substitute for the description of the research project.

The application package should be sent to Nora Dragovic, Academy of Integrated Science, College of Science (MC 0405), North End Center, Suite 4300, 300 Turner Street NW, Blacksburg, VA 24061, email: nora84@vt.edu, phone: 540-232-8131.

With best regards,

Michel Pleimling

Director, Academy of Integrated Science in the College of Science

Application for a
Luther and Alice Hamlett Undergraduate Research Scholarship
in the Academy of Integrated Science

Student Information:

Name: _____

Current Primary Major: _____

Secondary Major (if applicable): _____

VT Email address: _____

Title of Project: _____

Student Signature: _____

Faculty Member Information:

Name: _____

Department / College: _____

VT Email address: _____

Statement on how the scholarship funds will be used to support the student's research:

Faculty Member Signature: _____

Please add a short (less than one page) description of the research project. If the research project will be taken for credit, the Undergraduate Research / Independent Study form http://www.science.vt.edu/content/dam/science_vt_edu/2016/student-forms/ur-rsch-form.pdf will substitute for the description of the research project.
